

Value Cards

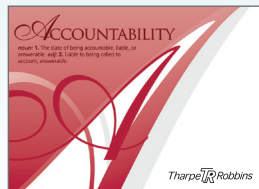

26+ Reasons to Recognize

TharpeRobbins' Value Cards are an easy way to recognize employees and reinforce corporate values at the same time.

We have designed an alphabet of the most common corporate values and incorporated them into this assortment of cards. Each card features and defines an important "value". From our Value Alphabet, you can choose the cards that represent your company's individual values and/or objectives.

Value Cards can easily be used in conjunction with an existing onboarding program, peer to peer program, spot recognition program or anytime.

Standard "Value Cards"

Build A Box

- Choose 2-10 different values
- Use our definitions or choose custom cards and create your own.
- Add your logo
- Determine the number of card sets you will need (each set has up to 32 cards and envelopes)

Value Cards

Custom Cards

In addition to the standard Value Cards, TharpeRobbins can also customize a set of cards with your specific corporate value definitions or change the color of the cards to match to those specified in your corporate color palette.

Custom "Value Cards" Set

Logo and custom "value" definition from TharpeRobbins corporate values statement.

Packaging

Each set of standard or custom "Value Cards" and envelopes come neatly packaged in the TharpeRobbins minibox. The cover insert show what values cards are inside.
